

2010 *Expanding Your Horizons* Registration Policies

REGISTRATION

1. All applications must be signed by a parent or guardian and be accompanied by full payment or a request for scholarship aid.
2. Incomplete applications will be returned.
3. Completed applications will be accepted on a first-come, first-served basis. Registration may close prior to the October 22 deadline if we reach our enrollment capacity.
4. We are unable to accommodate special requests such as placement in a particular career track or placement with a particular friend/classmate.
5. Applications must be mailed to the address on the brochure (telephone reservations will **not** be accepted):

Expanding Your Horizons
GSWIBC-La Cross Service Center
Attn: Ramani Pillai
2710 Quarry Road
La Crosse, WI 54601

CANCELLATION

1. If you are unable to attend the conference, please let us know as early as possible so that we may fill your place with someone from the waiting list. Refunds must be requested no later than October 22, 2010.
2. The registration office will maintain a waiting list and will use that list to fill the places of students who withdraw in advance from the program.

Careers You Can Explore

All students will participate in three career exploration activities. Some activity sessions are on the UW campus and may involve a short walk. Other sessions will be at workplaces a short bus ride away. On your registration form (see other side) you will need to **choose three broad career exploration areas** that interest you. We will make every effort to assign you to a career exploration activity in at least *one* of your preferred areas. You will also experience one career activity you did not choose to help expand your horizons!

ANIMAL SCIENCE

Animal scientists use math, keen observation, and laboratory skills to learn more about the animal world. Veterinarians help keep animals healthy, and learn more about the diseases that affect them. Careers in animal science can be found from the farm to the zoo.

APPLIED MATH

People who like math work in many areas. They may run a business, work in the stock market, design new products, or use polls to find out what people think. Math skills are used in every science career.

BIOLOGY & LIFE SCIENCES

Today's biologists use many techniques to study everything from disease-causing bacteria to new ways to produce food. Biologists of the future will combine an appreciation for the living world with the breakthroughs of biotechnology to make the world a better place.

COMPUTERS IN SCIENCE

In science, computers are used for many purposes including constructing models, collecting and analyzing data, running experiments and numerous other tasks. Computers are also essential in communicating science to the public and allowing scientists to access information.

PHYSICAL SCIENCES

From the rocks of Mars to the inside of the atom, people who work in the physical sciences help us learn more about our universe. Physical sciences include astronomy, chemistry, physics, geology, and meteorology.

ENGINEERING

Engineers use math, chemistry, and physics along with skills in communications, critical thinking, and management to help solve practical problems that are important to society. Engineers work together to design, create, build, improve, invent -- everything from heart valves and hand-held computers to energy-efficient vehicles and flood control structures.

ENVIRONMENT

People in the environmental field use the biological and physical sciences to keep water and air clean, and protect valuable natural resources. People who understand how to preserve and improve the quality of our environment work in many places from cities and towns to parks and wild areas, and even on the ocean.

HEALTH & MEDICINE

Health care workers are found in hospitals and clinics, schools, laboratories, and anywhere people need advice about staying healthy. This field includes medical researchers, doctors, therapists, medical technicians, and many other careers.

Questions?

About Registration:
☎ Ramani Pillai
(608) 784-3693, ext 4303

About the Program:

The Expanding Your Horizons Conference
a Day of Career Exploration Activities in
Science, Engineering, and Mathematics for
Young Women in Middle School

EXPANDING YOUR HORIZONS
Celebrating over 50 Years
of Growth and Learning

SATURDAY, NOVEMBER 6, 2010
9:30 am - 4:30 pm
Microbial Sciences Bldg
1550 Linden Drive
University of Wisconsin-Madison

The Expanding Your Horizons Conference is made possible by Covance Laboratories, Edgewood College, Girl Scouts of Wisconsin-Badgerland, Graduate Women in Science, MATC, and UW-Madison

EXPANDING YOUR HORIZONS ♦ REGISTRATION FORM ♦ November 6, 2010

Be sure to complete ALL sections of the registration form

Register Early! Program fills quickly!

♦ REGISTRATION DEADLINE IS OCTOBER 22, 2010 ♦

Name: _____

first/last

Address: _____

street or rural route and box number

city/state/zip _____

Phone: home _____

E-mail: _____

School Name: _____

Group Information: For groups arriving and departing together.

Group Name: (ex. Atwood Community Center, Watertown Schools, etc.) _____

School City: _____

Student's Current Grade: 6th _____ 7th _____ 8th _____

Lunch Preference: Vegetarian _____ Non-Vegetarian _____

COST: \$25 per person

Registration fee includes full-day conference and catered lunch.

MAKE CHECK OR MONEY ORDER PAYABLE TO EVH.

If you need financial aid for the registration fee, check here _____.

QUESTIONS ABOUT YOUR REGISTRATION? CALL (608) 784-3693, EXT 4303

This information is collected to enhance the programming efforts of the University of Wisconsin-Madison and is voluntary.

SEX: Female _____ Male _____ Birthdate _____/_____/_____

HERITAGE: American Indian/Alaskan Native _____ Hispanic/Latino _____ White _____

Black/African American _____ Asian/Pacific Islander _____ Other _____

NOTE TO PARENTS ABOUT PUBLICITY

Local news media sometimes send camera crews and reporters to our programs. We also often film and take photographs of our programs for our records or to promote future programs. If you are NOT willing to have your child included in any of these pictures or interviews, please include a note to that effect with your registration form.

SELECT YOUR PREFERENCES!

SELECT THREE BROAD AREAS (SEE BACK SIDE FOR DESCRIPTIONS). You will be assigned to a career exploration activity in at least one of your preferred areas and one area you don't select to expand your horizons. Put the numbers 1, 2, or 3 on the line beside your first, second and third choice.

My Career Interests are: (see descriptions on back)

Animal Science Biology & Life Sciences Computers in Science
 Environment Engineering Health & Medicine
 Applied Math Physical Sciences

Have you attended this conference before? Yes _____ No _____

Note: All participants are expected to remain at the conference for the entire day.

If you have a disability or serious health condition that may require intervention or assistance on our staff's part, please advise us when you register by attaching a description to this registration form. Requests are confidential. UW-Madison provides equal opportunities in employment and programming including Title IX requirements. Translation services may be provided upon request. Student participants are encouraged to have their own health insurance as limited accident insurance is provided by the university.

PERMISSION FORM FOR CAREER EXPLORATION SITE VISITS

I hereby give permission for my child to participate in site visits under staff supervision, and agree to hold harmless the Board of Regents of the University of Wisconsin System and other sites visited and their employees from any and all liability, injury or loss arising out of, or occurring in the course of my child's participation in this program. I certify that my child is fit to participate in all program activities. In case of emergency I grant permission for my child to be given treatment at a local hospital.

Signature of Parent/Guardian _____ Date _____

Day of Conference Contact Number: _____

(NO STUDENT will be allowed to participate without a signed permission form.)

IMPORTANT NOTES ABOUT REGISTRATION:

Enrollment confirmation, including directions to the event, will be e-mailed to you from the Girl Scouts - Badgerland Council. Please DO NOT assume that you are registered unless you have received written confirmation that a place has been reserved for you. All applications must be signed by a parent or guardian and be accompanied by full payment or a request for scholarship aid. We are unable to accommodate special requests such as placement in a particular career track or placement with a particular friend/classmate.

E-mail of parent/guardian or group leader for confirmation _____

Send payment made out to EVH and registration form to:
