				<i>amount</i>	<i>amount</i>	<i>amount</i>	<i>amount</i>	<i>amount</i>	Chg.	Reason for Change
1	DW FS	Milk		\$0.45	\$0.45	\$0.45	\$0.45	\$0.50	\$0.05	Pricing has been absorbed since pre-covid with federal funds, but those reimbursement levels have decreased, and inflation has continued to increase the cost and delivery of product. labor costs and product costs. Our comparisons to area districts still puts us only at average in fees.
2	DW FS	k-5 Lunch		\$2.80	\$2.80	\$2.80	\$2.80	\$3.00	\$0.20

15	DW	Parent Private Pay Bus		\$100.00	\$100.00	\$100.00	\$100.00	\$200.00	\$100.00	The actual cost to transport students is nearing \$600. The increase reflects the failed referendum and the need for certain fees to pay for actual costs. The fee in 13-14 used to be \$360 but was lowered to reflect family needs. Since that time walkzones were changed in 16-17 to 0-mile for 4k-2, 1 Mile for 3-5 and 2 Mile for 6-12, within Hazardous walk zone areas.

cost of consumables to run those classes have gone up considerably over the past 5 to 7 years. With the referendum not passing and previously taking a 10% budget cut (not sure on the year) and the likelihood of taking another 10% cut we need to make sure we can provide the same opportunity to all the future students taking Tech Ed classes that we have provided to the past students. In years past, we used to charge students for wood, metal, safety glasses, and all other consumables needed to complete the projects in all classes. We no longer do this as it is all added into the course fee. For example, a student taking a woods class no longer pays for wood to build their projects, it is built into the course fee. The same goes for Metals and Construction Skills, Air Cooled Engines, and all of our Autos classes as well. This way we do not have any money exchanging between students and teachers throughout the department. The \$10 increase will allow us to continue to operate a high level program for all students taking Tech Ed classes. Please note that the only classes that have been requested for additional fees are the ones that have a high consumables cost to run them. We consulted with Jeff Mahoney and agreed that increasing the course fees \$10 aligned with increased cost of consumables started in 2019. As a reference a 2x4x8 from Menards in 2019 cost \$2 and a current price of a 2x4x8 is \$4.19.
